

# Services and fees

## Akidemy Zürich-Manegg

(valid as from October 1st, 2022)

The fee calculation includes all meals (except baby bottles and puree) and is based on opening hours between 07:30 and 18:30.

The fee structure is calculated as follows:

1. Administration fee to cover admission: CHF 200 (one-time per family)
2. Monthly fees include the day care services of the contract
3. Deposit (calculated as one month's fees)
4. Extra day fees CHF 160 for children less than 19 months of age or CHF 149 for children over 19 months of age

The monthly fees are calculated as follows:

Number of days	Child younger than 19 months	Child older than 19 months
2	CHF 1.276,00	CHF 1.189,00
3	CHF 1.914,00	CHF 1.784,00
4	CHF 2.552,00	CHF 2.384,00
5	CHF 3.190,00	CHF 2.980,00

- Due to children under 19 months taking up 1.5 places according to the pertinent governmental regulations, their fees are higher than the toddler rate.
- A minimum of two days applies. Akidemy does not offer half days.
- Sibling discount for non-subsidised places. If several siblings are cared for at the same time in an Akidemy-KiTa, the eldest or the eldest children receive a 10% discount (e.g. if there are 3 siblings, the 2 eldest receive 10% each).

### Deposit

The deposit is to ensure that sufficient funds are provided to cover any non-payments or any other payments as follows:

- Medical services required on the spot e.g. for medical treatment, emergency doctor, etc.
- Non-payment of monthly day care fees.

### Billing Procedure

**!** IMPORTANT: Upfront payment will be required before providing any service.

- The monthly fees are to be paid at the beginning of each month through bank transfer or automatic debit.
- Parents will be entitled to claim back the deposit within one month after the date that the child leaves the day care. Any accrued interest will not be paid out as part of the deposit.
